

COVID Booster Jabs

You no longer need to wait to be contacted for your COVID booster jabs. You can book online [here](#) or ring 119 if it has been at least 6 months since receiving the second vaccine dose.

It is crucial that the following people top up their immunity to counter becoming vulnerable to Covid:

- Anyone aged 50 or over
- Anyone aged 16 or over with health conditions that put them at risk, and their adult carers/household members aged 12 and over
- People over 16 with learning disabilities or severe mental illness and their carers
- Frontline health or social care workers

You can now drop-in to some vaccination clinics across Hertfordshire without booking in advance. More details available [here](#)
